

A ROCHA

Christians in Conservation

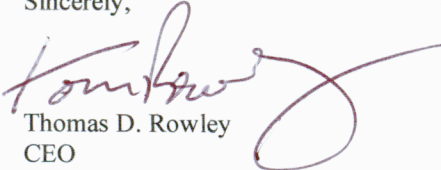

August 13, 2008

To Whom It May Concern:

I write in support of the excellent work being done by Care of Creation Inc. to reach evangelicals in the United States (and other parts of the world) with the creation care message. Having read Ed Brown's book, *Our Father's World: Mobilizing the Church to Care for Creation*, and having attended his signature workshop on the subject, I can vouch for the quality and accuracy of both. Indeed, it is because of A Rocha USA's respect for Ed and his work that we have agreed to co-sponsor Care of Creation's seminars and participate in them. In summary, Care of Creation provides a much-needed service and plays a critical role in helping evangelical Christians understand the need for and biblical mandate to steward God's good earth.

I would be happy to answer any questions you might have.

Sincerely,

Thomas D. Rowley
